Lagos, Nigeria 📍

linkedin.com/in/peaceadeniji 🔗

Experienced Software Engineer with a strong background in optimizing codebases, leading teams, and developing user-focused web and mobile applications. Skilled in delivering high-performance, responsive designs and collaborating effectively in remote environments. Seeking to bring my technical expertise and leadership to a dynamic, growth-oriented company.

WORK EXPERIENCE

Frontend Engineer
Eze Wholesales

02/2023 - Present　　　　　　　　*United States - Remote*

YCombinator-backed B2B e-commerce platform specializing in new and used electronic devices.

Achievements/Tasks
- Led the internationalization of the company's app, expanding into various languages, while collaborating with a global team of engineers to optimize user interfaces, enhance data interactions, and deliver a seamless, responsive user experience.

Senior Mobile Developer
Optimus AI Labs

05/2024 - 12/2024　　　　　　　　*Nigeria - Hybrid*

Software solutions

Achievements/Tasks
- Led the development of a React Native app, building it independently and enhancing performance and usability, while contributing DevOps solutions to streamline deployment and workflows.

Senior Software Engineer (Consultancy)
Chess In Slums Africa

11/2022 - Present　　　　　　　　*Nigeria - Remote*

A non-profit organisation using the game of chess to help children in slum communities.

Achievements/Tasks
- Built scalable frontend and backend solutions, optimized UI for performance, and led the frontend team in delivering quality projects.

Team Lead Mobile Engineer
TechBeaver

03/2022 - 03/2024　　　　　　　　*Nigeria - Remote*

Software Solutions

Achievements/Tasks
- Spearheaded diverse projects in health, Fintech, and business administration, while pioneering a mobile development team and establishing foundational codebases for three successful applications launched on Google Play and Apple App Store, showcasing expertise in React Native, Flutter, and DevOps.

Frontend Developer
Peniel Day

10/2020 - 05/2022　　　　　　　　*Worlwide - Remote*

Achievements/Tasks
- Developed scalable frontend solutions, enhancing the platform's UI and user experience for optimal performance.
